THE ROAD TO WORLD WAR III: CAN THE DARK FORCES OF ANTI-FREEDOM TRUMP HUMANITY? (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English. Brand new Book. Trump. Putin. Brexit. Syria. Are we living through the run-up to the Third World War? Is there a method to this madness raging all around us? What if this is just the last part of a Trilogy, a series that started some 100 years ago? And what will happen next? These are some of questions the book seeks to answer. Starting from a brief background on World Wars 1 & 2, the book quickly gets into the thick of things. Things like the phenomenal rise of Islamist Jihad in the past 20 years, the stunning economic "de-leveraging" of the Western world, and the spectacular rise of China. The book seeks to tie it all in together, so that the reader makes sense of what is happening around. A world that seems complex and unpredictable begins to look more sequential and clear as the analysis dives deeper into events: past & present. Finally, the book tries to connect the dots looking back; to paint...
